

Tao-Te-Chi.com Has Now Been Completely Overhauled

For those that don't know, FOPTV.com is part of the Tao-Te-Chi.com group of websites. What's more, all of the websites listed on Tao-Te-Chi.com belong to DevonK too. Tao-Te-Chi.com is ultimately a co-ordination website for DevonK's various websites, blogs, writings, and more. It also host a great deal of information and resources that will help you in developing your own abilities and talents.

//

In truth, tao-te-chi.com is the oldest website that DevonK owns. It was started back in 2002 and has gone through many different incarnations over the years. Every version of the Tao-Te-Chi website has been dedicated to the same ideas and principles that it is now. Each version has simply been an evolution to get the website to the place that it's in currently.

The Tao-Te-Chi.com website is broken into four main sections:

1. [Tao-Te-Chi.com Main](#) - talks about Tao-Te-Chi itself, shares some info about DevonK, provides contact info, and a provides other such general information, etc.
2. [Tao-Te-Chi Website Central](#) - lists all of my websites and blogs, plus gives you some information about each one. Things like when it was first created, what it's all about, and what type of website it is (blog, website, etc.).
3. [Tao-Te-Chi Resource Center](#) - a special section to combine a wide range of my various writings, educational videos, and other such resources into one central location. This makes it easier for people to find and use these resources.
4. [Tao-Te-Chi Health Services](#) - a special energy based healing system (created by me) offering healing services, training courses, and more.

Tao-Te-Chi.com is your gateway to all of DevonK's different websites and blogs. It's also a place to come and learn more about yourself - why you are the way you are, why you do what you do, and most importantly of all, what you can do about it. There is a lot more to life than most people can even imagine. It's DevonK's hope that Tao-Te-Chi.com will become the premier website for all those people who want to learn what their life really has to offer.
